- ✓ Foster your notoriety and share your expertise

- ✓ Rely on the FKCCI's expertise
- ✓ Benefit from FKCCI's services for your company
- ✓ Develop your business in South Korea and in France

FKCCI services

FKCCI's Committees

The FKCCI launched this year 5 sector-specific committees* directed by key sectors' actors. Opened to members and future members, committees hold meetings every quarter. The purposes of those committees are:

- To help French companies to set up in South Korea
- To stimulate set up companies within their industry
- To develop monitoring and influence toward South Korean institutions

Those committees will also create synergies between French and Korean companies; multiply business opportunities and share advices and success-stories.

ENERGY COMMITTEE

The Energy committee's objectives are to monitor the energy market evolution and its regulations, to organize meetings devoted to discuss energy related subjects with the French and Korean community and to join major events and conferences.

FOOD AND BEVERAGE COMMITTEE

The Food and Beverage committee aims at bringing together participants from hospitality and catering, large retailers, producers and importers to exchange about market evolution, to facilitate market access and to promote French gastronomy and hospitality.

FKCCI's Committees

INNOVATION COMMITTEE

The Innovation committee welcomes companies from all size; from startups to large firms to exchange about common themes and to build French Korean projects related to innovation and new technologies. This committee supports the development of startups in helping them finding resources and investors.

LUXURY COMMITTEE

The Luxury committee's mission is to gather participants from luxury brands, retailers, cosmetics and hospitality to debate about daily operational issues and share best practices.

WOMEN IN LEADERSHIP COMMITTEE

The Women in leadership committee enables women leaders to be gathered and share their opinions on a regular basis on different agendas. This committee comprised entirely of women who plan to hold some events such as themed seminars which will deal with women's right and their difficulties in business.

* Committees will not be limited to those 5 but more are expected to be created to fit other sectors and to contribute to the development of our members' activities.
