MEET THE FRENCH TECH ECOSYSTEM IN PARIS REGION

WHEN ?

July 4th, 6PM

WHERE ?

TIPS Town - 팁스타운

French Tech in Paris region :

Enjoying a leading economic position in Europe with 12 M inhabitants, nearly 1 M companies and 150,000 researchers, Paris Region, also called in France "Region Île-de-France" ranks among the most competitive regions for R&D, innovation, and entrepreneurship. Paris Région Lab, an association backed by the Region, plays a major role fostering innovation in the Paris area with nearly 200 startups incubated each year inside 9 incubators. The Region also support Université Paris-Saclay, an elite campus with 18 most prestigious French entities in education and research including HEC Business School, Ecole Polytechnique, and the CNRS.

Representative: **Valérie PECRESSE: President of the Paris Region** & Bernard GIRY, Innovation Counselor

Companies looking for partnerships in Korea !

Ecole 42 (Coding school 42) :

42 is a free coding school based on a unique open-education model. Co-funded by Xavier Niel, "France's most influential entrepreneur", 42 trains software engineers with a peer-to peer pedagogy. A new school will open in Silicon Valley with praise from Twitter, Facebook, Snapchat' CEOs.
